Gramática (Page 7 Sample)
(Grammar)

Saying What Someone Wants to Do:

We use the verb "querer" to say what someone wants to do. Take a look:

querer = to want

Quiero correr.

I want to run.

Quieres correr.

You want to run.

Quiere correr.

He/She/You (f) want to run.

¡Quiero
correr y jugar!

Queremos saltar.

We want to jump.

Queréis saltar.

You all want to jump.

Quieren saltar.

They/You all want to jump.

- Did you notice that "querer" gets conjugated?
- Then you add any un-conjugated verb to say what someone wants to do.
- If you just want to say what someone wants, you do this:

Quiero la cometa.

I want the kite.

Quieres el columpio.

You want the swing.

Quiere el tobogán.

He/She/You (f) want the slide.

Quiero
el perro.

Queremos la cometa.

We want the kite.

Queréis el pato.

You all want the duck.

Quieren el perro.

They/You all want the dog.

Using Your New Grammar

Write or say what each wants to do. Then listen to the audio for the answers.

Quiere saltar.
Quieren saltar.

Queremos correr.
Quiero correr.

Quieres jugar.
Queréis jugar.
